NAVAS CIFUENTES JONATHAN G.

SOFTWARE ENGINEER

About Me

Fullstack web developer, focused on providing professional technical solutions complying with software quality standards as well as the use of current technologies.

I'm very interested in topics related to clean architectures, TDD, mobile application programming, i'm constantly updating my knowledge with online courses.

I have experience working as a freelance developer which has allowed me to code from web pages to robust enterprise systems.

Experience

Fullstack Developer - Aug 2020 - Jan 2021

Design and development of a corporate website for a gastronomic coach "Ricardo Rivadeneira" in Ecuador using technologies such as Html, Css (UIKIT), Js, Php and PhpMailer.
